When Women Support Women

FIJI

AS TOLD TO SHAZIA USMAN
ILLUSTRATED BY GREGORY RAVOI

I'm very grateful that I know so many women who are supportive of me and my advocacy

There are so many women who have paved the way, especially women in Parliament, and in other spaces. Women who are much older than me but also those who are not that much older.

They empower me by being themselves and creating spaces for younger women like me.
